Madras.

Sir,

Plague - Mysore State - Kadur and Hassan Districts - Threatened outbreak in South Kanara - Preventive measures - Employment of plague staff.

DIRECTOR OF
10 DEC 1939
MADRAS

Ref:- G.O.Ms. 4450 Public Health, dated 2-12-1939.

*****

Subsequent to my report D.Dis. 6989-39 dated 6-11-1939 there were two deaths from plague at Karkal, one on 26-11-39 and the other on 27-11-39 in the same family members of which came to Karkal on 23-11-39 from Hariharapura, after a death from plague in the same family. Necessary precautionary measures are being taken by the Health Department.

In view of the endemicity of plague in the bordering districts of Mysore State people from there may rush in at any time. Further the Udipi Pariyayam festival which will take place next month attracts thousands of people from Mysore State. There is therefore the danger of the desease being imported into this district. The District Health Officer strongly recommends the opening of inspection depots at the frontier stations of Someshwar, Charmady and Shirady.

I agree with his suggestion and am of opinion that the opening of the three inspection depots is necessary. I therefore request that the Government may be pleased either to

keep the orders contained in G.O.No. Ms. 4450 Public Health dated 2-12-1939 in abeyance or to sanction the employment of three Plague Inspectors, 3 peons and 9 coolies for a period of one month.

For Collector.

Copy to the District Health Officer, South Kanara.
